DETAILED ACTION

1. This communication is in response to the amendment filed on 5/23/2006. After a search and thorough examination of the present application and in light of the prior art made of records Claims 1-36 with independent claims 1,13,25 being amended are allowed.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Denise A. Lee, Registration No. 35,931 on August 3, 2006.

Please amend the claims which were filed on 5/23/2006 as follows:

In claim 13,

In a new line (3) after comprising (last word on line 2), insert

----a processor; and-----

In claim 25,

In a new line (3) after comprising (last word on line 2), insert

----a processor; and-----

Reason for Allowance

3. The prior art made of record does not teach or fairly suggest for a given node, based on (a) forward guarantees received from preceding nodes indicating earliest timestamps to be sent from the preceding nodes, and (b) backward guarantees received from successive nodes indicating earliest timestamps to be used at the successive nodes, determining timestamp requirements for data to be processed in the node; returning to preceding nodes a backward guarantee of earliest timestamps to be used at the node; and at the preceding nodes, eliminating data and computation corresponding to timestamps earlier than the backward guarantee.
